OVERVIEW ROLF BENZ JUA

ROLF
BENZ
OUTDOOR

Chair | Rolf Benz JUA | Design Hoffmann & Kahleyss

PRODUCT FEATURES CHAIR ROLF BENZ JUA:

1. Selection synthetic seat shell

- Dimensions: 60 cm x 65 cm, height 85/87 cm
- 2 seat heights: 49 or 51 cm, seat depth: 45 cm, 2 side section heights: 61 or 63 cm
- Color: umbra gray matt or anthracite matt
- Four-legged base (powder-coated anthracite matt stainless steel) with optional swivel function

2. Choice of seat and back cushions

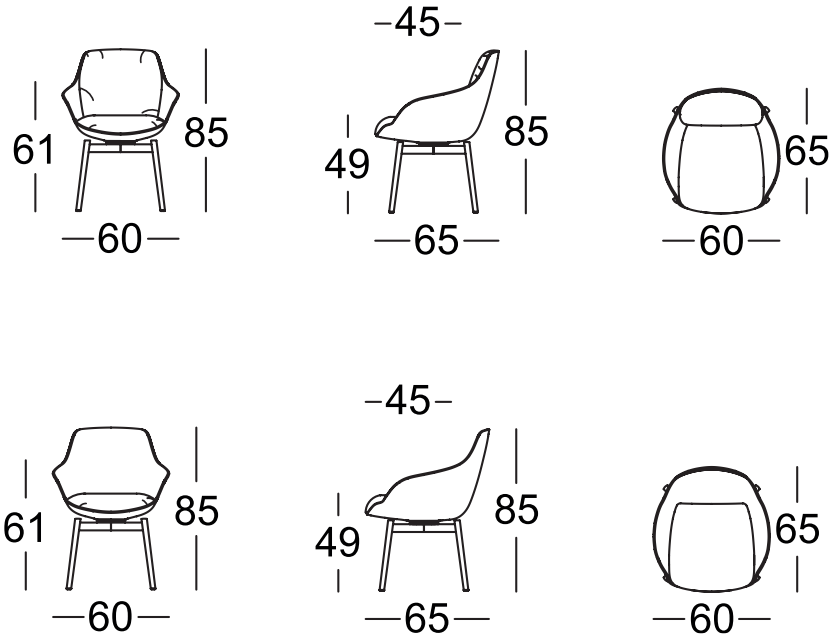

- Color: Rolf Benz Outdoor cover collection

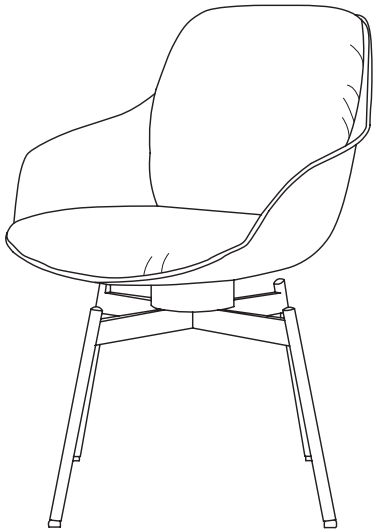

ROLF BENZ OUTDOOR

Chair | Rolf Benz JUA | Design Hoffmann & Kahleyss

ROLF BENZ
OUTDOOR

The fabrics in the Rolf Benz outdoor collection have been tested according to the strict specifications of our quality requirements. This ensures that the outdoor product segment meets our usual high Rolf Benz quality standards.

The Rolf Benz outdoor fabric collection guarantees the following features:

UV light-resistant

Mould-resistant

Breathable comfort

Suitable for bleaching*

Sun protection*

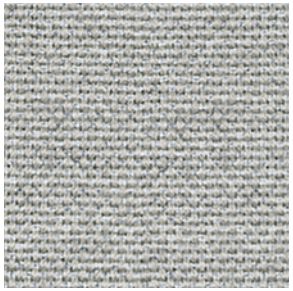

Water and dirt-repellent*

*For fabrics composed of spun-dyed acrylic, there may be slight color variations between the pattern and the series.

*Does not apply to fabrics with the following composition:
88 % polypropylene, 12 % polyester
86 % polypropylene, 14 % polyester

ROLF BENZ
OUTDOOR

12.751

Composition:
100 % polyacrylic

Fastness to light: ☼☼☼*
Abrasion resistance: •**
Pilling behaviour: •
Fabric width: 140 cm
Pattern repeat included: no
Selvage edge runs parallel to the front edge of the seat
Other special features: no
Washable: 30 degrees

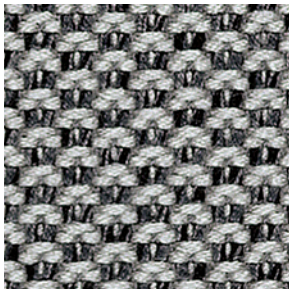

24.750

Composition:
100 % polyacrylic

Fastness to light: ☼☼☼
Abrasion resistance: •
Pilling behaviour: •
Fabric width: 140 cm
Pattern repeat included: no
Selvage edge runs parallel to the front edge of the seat
Other special features:
Contrasting colours create an iridescent appearance. This can create light and dark effects depending on how the light falls
Washable: 30 degrees

* Scale has a maximum of three suns:
One sun: fulfilled; two suns: fulfilled +;
three suns: fulfilled ++
** •• Above-averagely good;
• Testing standards were completely fulfilled;
○ limited practicality

ROLF BENZ
OUTDOOR

24.753

Composition:
100 % polyacrylic

Fastness to light: ☼☼☼
Abrasion resistance: •
Pilling behaviour: •
Fabric width: 140 cm
Pattern repeat included: no
Selvage edge runs parallel to the front edge of the seat
Other special features:
Contrasting colours create an iridescent appearance. This can create light and dark effects depending on how the light falls
Washable: 30 degrees

15.580

Composition:
100 % polyacrylic

Fastness to light: ☼☼
Abrasion resistance: •
Pilling behaviour: •
Fabric width: 140 cm
Pattern repeat included: no
Selvage edge runs parallel to the front edge of the seat
Other special features:
Light colors are more sensitive to dirt and show the soiling earlier and more clearly than dark colors. They therefore need more maintenance care
Washable: 30 degrees

* Scale has a maximum of three suns:
One sun: fulfilled; two suns: fulfilled +;
three suns: fulfilled ++
** •• Above-averagely good;
• Testing standards were completely fulfilled;
○ limited practicality

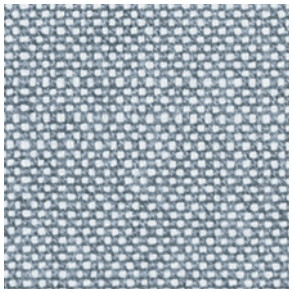

ROLF BENZ
OUTDOOR

20.652

Composition:
100 % polyacrylic

Fastness to light: ☼☼
Abrasion resistance: •
Pilling behaviour: •
Fabric width: 140 cm
Pattern repeat included: no
Selvage edge runs parallel to the front edge of the seat
Other special features:
A slight stripy effect occurs due to the material.
Irregular fabric appearance due to yarn slubs, nubs etc.
The fabric's appearance reflects its natural character
Washable: 30 degrees

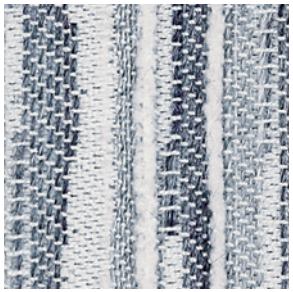

20.654

Composition:
100 % polyacrylic

Fastness to light: ☼☼
