IMPORTANT:
Upholstered furniture is handmade using soft materials, therefore measurements can vary in all modules by up to **+/- 2 cm**.
Modules and combinations shown in 2D drawings are left-sided. Modules and combinations can be mirrored from left to right.
Parts with a mechanism always have fibertex covered sides.
Sofa mechanism with two motors.
Each module of this product has different width of vertical seam splitting gaps, so you can get an uneven visual appearance when connecting different modules.
